

Degree Pathways

For international students

Queensland
Government
Australia

TAFE Queensland has partnered with some of Australia's most prestigious universities to provide seamless pathways from our diplomas into their degree programs.

The best of both worlds

TAFE Queensland has partnered with some of Australia's most prestigious universities to provide seamless pathways from our diplomas into their degree programs.

Being able to learn industry-relevant, practical skills at TAFE Queensland and transitioning into a Bachelor program with advanced standing is truly "the best of both worlds".

Articulation arrangements

TAFE Queensland's articulation arrangements adhere to the Australian Qualification Framework Qualifications Pathways Policy section 2.2.

TAFE Queensland students can be assured that their desired pathway from diploma to degree meets exacting standards and has the support of both TAFE Queensland and their chosen university.

Articulation benefits

Students are able to progress from a completed qualification to another with admission and/or credit in a defined pathway. This means that TAFE Queensland graduates are able to commence their degree at an advanced stage and reduce the amount of time required to complete their degree.

In most cases, doing a TAFE Queensland diploma will take one full year off the degree program. When you consider the average annual cost of a TAFE diploma versus the average annual cost of a degree, students can save thousands of dollars.

Diploma of Nursing

Articulation explained

Articulation arrangements are the result of months of hard work between TAFE Queensland teachers and university lecturers. They use their professional judgement to take into account a students' likelihood of successfully achieving qualification outcomes whilst ensuring the integrity of both courses is maintained.

All aspects of the TAFE and university course are closely examined by a specialist team to ensure that both courses are linked and the amount of credit is agreed to by both sides. Once the content of both courses is aligned an articulation agreement is entered into in writing.

This process is repeated every few years to ensure continuous improvement and re-alignment takes place.

Choosing your pathway

The following guide details all TAFE Queensland international courses that have defined pathways.

A single TAFE Queensland diploma may have multiple degree options. Our Diploma of Event Management, for example, has 8 pathway options between 6 university partners.

It will be your job to research each option to select the degree program that best suits your career goals as each will have a different area of specialisation, electives, university campus location and fee structure.

The TAFE Queensland experience

International students come to TAFE Queensland to get practical skills training before moving onto to a more theory-oriented degree.

TAFE Queensland students are immersed each week in one area of study with small practical assessment tasks. In comparison, at university you have limited contact hours, study a broad range of subjects and tackle large assignments like essays and reports.

TAFE Queensland students are able to work on and improve their English and academic skills in small class settings with a lot of student support. This means that TAFE Queensland graduates are ready and prepared for the challenges of taking on a university degree. We truly give you a pathway to your future.

Diploma of Early Childhood
Education and Care

Where we are

Queensland is commonly called the Sunshine State, as it is often blanketed by sun throughout the year.

This has led to Queensland's outdoor culture, which has been prevalent in shaping the habits, events and lifestyles of the locals.

Why TAFE Queensland?

Over 90% of our students are satisfied with their experience

Practical, hands-on courses that ensure you are job-ready

Real-world, simulated work environment

Owned and funded by the Queensland Government

Over 140 years delivering vocational education and training

We are well connected to top universities

Almost 90% of graduates go on to work or further study

Flexible and supportive learning environment

Highly-qualified teachers have experience in the industries they teach

Applying for a pathway

University partners

TAFE Queensland has partnerships with some of Australia's top universities. The benefit of combining your diploma and university studies is that you can start working straight away using your diploma skills, while finishing your degree.

TAFE Queensland graduates are eligible for credit transfer that can save up to a full year off your university degree. Our partnerships with top universities mean you will graduate with a prestigious university degree, as well as the hands on skills of a TAFE qualification, delivered in a practical, job-focused training environment.

You will graduate ahead of the pack with academic knowledge backed up by real-world skills.
